

THE AWAKENING WOMAN, with Sister Pauline

The Universe is growing and expanding - so too is everything in it, and that includes our human consciousness. This course is designed to increase our awareness of what this means for us as Women, as we continue to evolve and grow, and of how we can collaborate with that process.

Do you want to empower yourself to discover your true identity, to create your very best life, to realize your highest potential and make your greatest contribution to the world -- the gift of your fully conscious and activated unique self.

There will be input, sharing, and practises to take home.

**7 Tuesdays starting on the
20th of September
from 9.30am to 12.30pm**

Investment in your future of €15 per session.

Pauline is a Holy Family Sister and a Psychotherapist who has extensive experience and training in the field of personal development and transformation.

FACING OUR SHADOW

'Our shadow is what we refuse to see about ourselves, and what we do not want others to see. There are many ways to do shadow work. Perhaps the simplest is to observe ourselves in our negative thoughts and judgements about others. Bryon Katie's "The Work" offers a simple meditative process for helping us identify and question thoughts and beliefs'

(Fr. Richard Rohr CAC meditation 17/5/2014.)

Nadine Ferris France, certified facilitator of 'The Work' will present a day on 'The Work',

ADVENT – A TIME OF BECOMING

The word 'Advent' means 'a time of Becoming'. We now know, through science, that we live in a world that is still becoming. The Universe was not always as it is now but has changed down through the millennia becoming more complex and more differentiated. So too, the Earth was not always as it is now but has also changed to become the blue green planet that we recognise today. More challenging is the thought that the human was not always as we are now. We have also changed. We are still changing, a species that is still becoming, in a world that is still becoming. During Advent we prepare. This is a time when we contemplate the world; when we stop and consider the gift of life and how we would like to use it, who we would like to become. In this talk through the theme of Advent we look again at what it means to Become.

This workshop is being led by Niamh Brennan, who is a workshop facilitator in the area of cosmology and spirituality, and is the author of "The human in the Universe".

LOOK AGAIN

Have you ever wondered what really was the message of the early chapters of the book of Genesis? What do we need to consider when trying to explore the treasure of the Old (or First) Testament?

Eilis Mc Cormack finds these chapters really exciting, with something very basic and important to convey. In recent years she had the opportunity to study theology at the Priory Institute, and became infected with enthusiasm for Scripture. Having found this 'buried treasure' she is happy to share her ideas.
